MMM Builds into the Life of Thornlie Christian College

Thornlie Christian College has been blessed to be recipients of much support from MMM recently. While MMM are, in fact our closest neighbours, such is their commitment to supporting Christian works around Australia and internationally, that we seldom see very much of them on a day to day basis.

All of this changed when we approached Anthony Hocking about the possibility of a substantial refurbishment project at the College. With the College having been recently blessed with a new Administration Block, we needed to gut the converted old administration area into added classroom space, a new, larger Uniform Shop, a new Student Services area, a Chaplain's Office and a Learning Support Centre.

MMM WA agreed to take on the project and began to gather a team consisting of Abe Phoenix, Geoff Banner (NSW) and Phil Williams.

Commencement date was Monday March 8 and, bright and early, the MMM team descended on the building and to the accompaniment of much noise and dust, operations commenced.

It is now just ten days since the MMM team began the project and I am simply amazed at their speed, efficiency and productivity! Having experienced numerous school building projects in the past, I can unequivocally state that Anthony and his team are in a league of their own!

We are looking forward to moving into our new facilities and are greatly appreciative of all that the MMM team has achieved in such a short time.

MMM Monthly Newsletter

Thank you so much for your continued support of the Ministry of MMM Australia as you are probably aware of the costs of producing and mailing the team news each month we would like to know if you no longer wish to receive this newsletter or if you could receive it via email.

We would love to have more people interested in the work of MMM and the newsletter is a great way of doing that, also having people pray for us is a vital part of the ministry. We are also called to be wise stewards of what the Lord entrusts us with so we are thinking of ways in which we can best do this. Please contact me if you have any thoughts or ideas that could help.

Thank you again for your support.

Work Projects

Over the next three weeks Anthony and I will be in Thailand sorting out work visas and other legal papers, we would appreciate your prayers for us at this time. During our time away Geoff Banner and Abe Phoenix will be finishing off the project at Thornlie Christian College.

We have been so blessed to have had Geoff (NSW) spend this time with us and also having Abe staying here in his van so he can be here helping out on the job. It was great to have Phil Williams from Esperance join us for four days on the project also. What a wonderful answer to prayer to have enough workers on this job we thank the Lord for His wonderful provision.

When we return the team will be doing some work for Bethshan ministries, building a deck off the front of one of the guest houses and also doing a project for Harley Hayward.
