## Quiz Night and Auction

As you can see from the photos our Quiz night and Auction was a lot of fun and a great success. We would like to take this opportunity to thank those who donated items and put in so much hard work to make the night the success it was. We raised over four thousand dollars what a blessing!

I thought rather than tell you all about it I would include a couple of notes which we received.

"MMM is really cool

They live right next to TCC school.

Rather than work on his grammar

Anthony is really hot on the hammer.

You can really have a ball

If you visit Siska at a stall!

They are a great team and do amazing work.

Just be wary of Anthony's smirk.

The legacy they leave is helping others.

Counting each person as one of their brothers.

So win or not don't get in a tizz.

We've all had fun at this MMM quiz".

Congratulations on an excellent evening! We have been to many quiz nights, and yours was among the best. What makes so much difference is the quiz master, and Mike did a fantastic job. He kept things moving at a good pace, and was clear and direct. It was great that he didn't let the noise and talking of the group distract him. The auction, too - no fuss, just get on with it and sell the items. Please pass on our commendation to him.

## Busy Bee Working Day

A big thankyou to all our friends who came along to help spread the limestone over the driveway entrance to the shed. We had a large pile which had been there for a number of weeks and the job was too big for us so our friends from the South African Reformed Church came along for the day and helped us to spread and compact it. It was a perfect day not too hot and a little overcast, we all chipped in and got the job done in no time. It was great to share lunch together and enjoy each others company. The boys enjoyed driving the little digger and we really appreciate the team putting in the finances to hire it for the day, it certainly made a huge difference. It was a great blessing to be on the receiving end of "serving those who serve"

## Thailand 2009/2010

Anthony and I have been asked by the Board and Management to head up the work of MMM in Thailand and we have accepted. Over the years we have had many trips to Thailand and have always felt that this is an area we could serve in the future. We feel the timing is right and will begin to make preparations to move around June/July 2010.

Please pray with us for the people of Gods choosing to take on the role of Managers here in WA it would be such a blessing to see the role filled before we leave.

We will be heading off on the 15th of this month with a small team to do some work with YWAM, a training centre and also doing maintenance on a small orphanage which has become very rundown due to a lack funds and the right people to help out with maintenance. We will also be meeting up with Max Smart and Tim Cranna to organize some of the legal documents which will need to be worked on before we move over next year.

We would appreciate your prayers for us as a family as we make this move and prepare for the next step of our journey serving the Lord with MMM.

## WEC in WA

Over the past Month the team have been working at Jim Dawson's home (full time worker for WEC) and also a small job at the WEC Centre in Vic Park. We were blessed to have Philip Williams (from Esperance) who took a week off for holiday leave to join the team Anthony really enjoyed working with him and they got a lot done, so thanks Phil.

I received this email from the WEC leadership team and thought I would share it with you.

Dear Anthony, Siska and team,

I was given your name by Lyn Dawson. She told me about the help that MMM have given WEC in WA, not just recently but over the years. There has been construction and maintenance, including the re-pitching of the roof, making a banister and plastering the ceiling. We want to say thank you to you and all those who have been involved in so many ways. We appreciate your support for us and want to say how much you have blessed us by your giving in this practical way.

May you know God's blessing on you and the work of MMM in WA.

Margaret Dennis (for the WEC Australia Leadership Team)
