STORIES FROM THE ROAD

CEO and Luka

I'll be the first to admit that I've been on the road a fair bit this year! The thought of sitting in airport lounges, and on aeroplanes is not a happy one. It's time wasted that I can never get back. The rewards of what I do comes not in monetary recompense, or in frequent flyer points, or sights in remote locations. My reward is the people I meet.

Buildings mean very little to me, hence the view that a church isn't the building but the people that meet inside, the people whom lives we

change, the people who reach others from the buildings we fix and maintain.

Recently I've visited Thailand, and met with our MMM Board there for the annual general meeting. We have awesome people in Thailand that work with us on the Board, in administrative capacities, and in projects.

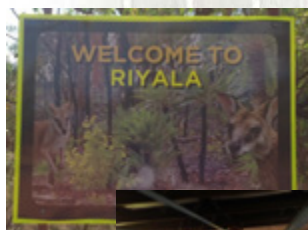

Meeting with and spending time with Pedro, Palita, and the Thai team, seeing the work they've done, chatting with the missions leaders where we have completed projects, meeting kids who have a roof over their head; this is reward enough for all the hard work and long flights.

Thai Board

Thai Team

In Darwin a few weeks ago I met up with our Northern Safari team at Riyala Campsite, to chat with the team, see the great work being done first hand. I met also with church leaders in Darwin and

listened to story after story of the differences made when an MMM team comes through. On the Sunday I was privileged to minister at AIM Church in Katherine, to spend time with Indigenous brothers and sisters who had only a few weeks before experienced our MMM Team come and do major restoration to their unique Church building. They will always talk about the friendship, fellowship, and ministry encouragement of the team more than the work done.

I often impose myself on work teams for a day or so, just to feel that I can contribute to the hands on work on MMM in some way. A few months ago I joined Noel Taylor and his Build-A-Bond team as we constructed a couple of offices for Eltham Baptist Church. I love what we do! I love being

a part of a much bigger team that makes such a huge difference in lives all over Australia and around the world.

MMM Family Building Project—Ridgecrest 2016

The first week of the April school holidays saw the 4th and largest MMM Family Building Project. Ridgecrest is a Christian Campsite ministry serving rural and remote churches and providing ministry camps to the youth of Central & Western NSW. MMM and Ridgecrest partner together to run the family camp, which seeks to bring blessing to a ministry through families being able to serve together in a practical way. There was a children's program each day, a youth project for teens and young adults and the remainder of the team working of various projects around the property.

We were blessed with 14 children, 6 youth and 12 oldies, plus the Ridgecrest staff. We had great times together, tackled a number of different jobs from fencing, welding, sheeting, painting and the young guys built a great retaining wall. The children didn't miss out on the action either, their afternoon

Youth

activity was to design and paint animal cut-outs which are being used to decorate the property, African Safari was the theme this year! We also welcomed two new couples to MMM, Neale & Helen Zietsch from Wollongong, and Neil & Norma Parker from Young. It was great to have them with us, their skills and servant hearts were greatly appreciated! We were blessed to have a team of young Ridgecrest adults and teens that joined in the week; they were great examples of godly, humble servants in their youth. A huge thanks to Kelly and Norma who ran the children's morning program! As usual we were warmly greeted and abundantly fed by the Ridgecrest team, headed up by Clive and Jenny Gibbs. It was a great week and we pray it was a blessing to all who participated, and an example to our children to learn the joy of serving those who serve.

Your Church—Coffs Harbour

MMM received a request from Your Church, Coffs Harbour to build a sound desk for their ministry centre. Frank & Yvonne Wilkey initially put their hands up, and they were gratefully assisted by Peter & Lyn Groves to take on the job in May. It was a significant detailed project, which took many hours to ensure it was just right. The church said "Just want to thank 'MMM' for the excellent work you did building our sound - media desk. Your work is very professional and we greatly appreciate the time and effort you put in for us." Well done team!

Power Tool Drive

Do you have too many tools?

Have you just updated your tools and couldn't bear to part with your old faithfuls?

The **MMM Power Tool Drive** is a fundraising project for the volunteer ministry of MMM Australia.

Our ministry is using tools and skilled workers to bless Christian ministries through Maintenance and Building projects.

Could you donate some tools to MMM? Tools will be sold for MMM and need to be in good working order

Projects come in all sorts of shapes and sizes...

TCC Students taking advantage of new seating

MMMWA has been busy with a number of projects taking shape over the last few months. Rod Heape (WA Project Leader) each week goes back to School for a day, that is **Thornlie Christian College** (www.tcc.wa.edu.au/). TCC is where the MMM-WA Centre is located and we have made a commitment to carry out a regular maintenance program at the college. *"Rod is a real asset to TCC, so many jobs are being completed, work that has been left for years has finally been done and the College is looking great"* - Bill Innes Principal TCC.

Rod also has opportunity to meet with the teachers and staff during their devotional times, which is great fellowship and time of sharing.

Rod Heape and Steve Marsden hanging

Mundijong Uniting Heritage Church continues to reach out into the local community reviving a lost Christian heritage. A small number of Christians have worked tirelessly to renovate the existing church building and make it more usable and comfortable for those who attend. With the help of MMM-WA a kitchen has been remodelled to become a crèche area. It is very encouraging to see God's hand at work in places where His name is not widely proclaimed. This small church is a beacon on a hill - may many be drawn to it's light and come to know love of our Lord Jesus..

Ron McGill at Esther

The Esther Foundation (www.estherfoundation.org.au/) provides intensive support for young women to overcome life controlling struggles and issues in a safe, structured and supportive environment. The recovery program aims to educate, encourage, empower and enrich young women with self-worth, skills and the confidence to lead successful lives within the community, and reach their potential. The Esther Foundation presently operates 13 residential premises housing more than forty five young mothers, young women and children. MMM-WA has been called upon to carry out much needed repairs to one of the residential premises; most recently patching the entrance driveway. With the pot holes gone, younger drivers can enter safely and with confidence.

WE WANT YOU

Additional Project Updates

Wandagui Mission Geraldton

A MMM Volunteer is based at this mission and there is plenty of maintenance work for individuals or Groups throughout 2016. You would be welcome for a short or long stay. Work to be completed over the coming months include installing a disabled toilet, painting and renovation of several buildings and roof repairs.

In and around Perth

During each month MMMWA receives requests for smaller jobs that range from the hanging of a door, boxing up a small concrete pad or fixing a leaking tap.

"Working on a MMM project gives you an opportunity to use the skills and talents that God has given you to bless and encourage others in God's family who do not have those skills and talents. Helping them allows them to be free to use their skills, talents and gifts in the ministry that God has planted them in. Everyone is blessed and everyone sees God at Work... that is exciting and faith building."

If you would like to get involved in the ministry of MMM, building and maintaining buildings used in Christian service, there is no better time than now. Your commitment can be one day or many. Just pick up the phone and call Trevor 0409 778 799 to talk about how you can "Serve those who Serve"

Prayer and Praise

- Pray for the project planning of projects for 2016 and that the Regional Committee will be guided in the scheduling of each of them. Pray for the supply of Volunteers with skills in maintenance and construction to be available and willing to "Serve those who Serve".
- Pray for additional persons to be prompted, to become involved in the ministry of MMM-WA, by joining either the WA Regional Committee or Prayer Group.
- Give thanks for the interest in a Caravan Safari to Western Australia in 2017, for the scheduling of projects and organisation of job sites. Tentative Date Mar to July Esperance, Perth, Geraldton, Port Hedland, Carnarvon.
- Pray for the promotion of Ladies Ministry Team Events, that many will hear of them and be prompted to attend and support the ministry of MMM.
- Give thanks for the completed projects at Wagin Baptist Church, Mundijong Uniting Heritage Church, Esther House and Thornlie Christian College - that improved facilities will be used to further the kingdom.

Autumn Projects in Victoria

The Victorian project team have been busy over the late Autumn period working on two key projects. The first project was at Belgrave Heights Convention Centre where we were busy converting an 'under roofline' carport into internal living space for the site caretakers.

This was one of three major requests for assistance received last year when we were holding our 40th anniversary celebrations at BHCC in October. With planning and building permits required the work was delayed until all the legal stuff was in-place.

As soon as we received the go-ahead The Vic team quickly committed to dates and headed by Ian Knowles we partnered with the maintenance manager (*a registered builder*) to complete the work within two weeks.

Added to the joy of this project was the opportunity to welcome Barry & Helen Steer to the MMM Team. Barry & Helen come from the Sunbury area in Victoria and loved the work and the fellowship with the team.

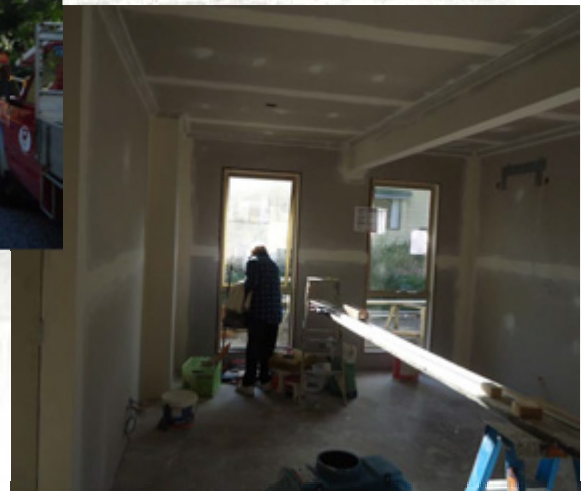

with a new coat of paint and some minor patches repairs where needed.

Two weeks in this beautiful region was a great experience for the team most of whom already enjoy life in picturesque Drouin/Warragul region in rural Victoria. Many thanks to the team for their great work on both projects.

The second project undertaken was at the El-Kanah site in Marysville, nestled in the beautiful valleys of North East Victoria. On this project the team was restoring some cabin accommodation

Vic/SA Local Projects

We have received over 20 requests for projects across Victoria and South Australia in the past 9 months, with over 14 projects still active and awaiting scheduling. Some projects are still in the planning stage and others are awaiting project teams etc.

If you would like to know more details about open projects please contact David Graham on mobile 0418 527 814. David will be happy (*read excited*) to chat and help plan how and when you can be involved.

Welcome to Carers of Africa

Carers of Africa

MMM Australia is very happy to welcome Carers of Africa to share our Mitcham Offices with us. Bright Chinganya—Founder/Chairman has recently signed a 4 year lease to the upstairs office area and will move in with his team as from July 1st, 2016.

Having another missions agency to share our premises is ideal for us and really helps out Carers of Africa also. We will be holding a “welcome in” lunch sometime in July for Bright and his team. If you’re in Victoria it would be great for you to drop in and say ‘giddyay’. Date “TBA”

Bright B Chinganya
Founder/Chairman

Prayer Support

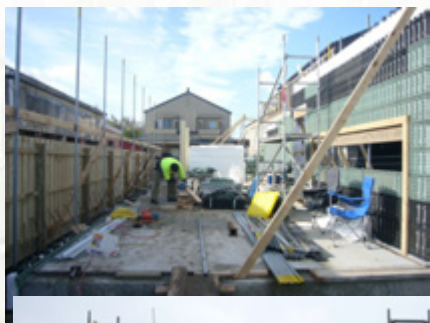

Pray for more volunteers to join our Vic/SA project teams. Pray also for our current volunteer team to be safe, and protected on projects and on the road. Praise God for new volunteers Barry & Helen Steer who joined the Vic Team at the Belgrave Heights Project.

Pray for a region manager to hear from God to confirm this is what God is calling them to do. Pray that they will know that God will provide and direct. Pray that they will know in their heart that they are Gods appointed for this vital position.

Praise God for new volunteers that signed up for information at the Belgrave Heights Men’s Convention. Pray that they will engage with the Vic Project team and become active volunteers and MMM Supporters.

Pray for David Graham as he co-ordinates our Vic/SA projects. Pray for wisdom and insight as he seeks to prioritise and schedule work with Kim Roediger.

MMM Build “Aloha”

We're about to say goodbye to some wonderful people who have worked very hard on achieving great outcomes for clients. In November 2015 the Board of MMM made the very tough decision to close the activities of MMM Build and wind up its operations.

Over the six years that the MMM Build venture was operating we have had many wonderful people working with the MMM Team who have made us laugh, made us proud, and made us love them simply by their wonderful spirit and preparedness to “give it a go”.

These next few pages are a brief look and tribute to the people, their efforts, and outstanding work they have done.

Overleaf you will find an open letter from Board chairman Shane Prior regarding the decision to close MMM Build, please take the time to read it, and to pray for the people involved as they move forward from this time.

Thank you to each and every one.

May 26th, 2016

RE: THE CLOSE OF MMM BUILD

To Our Valued Stakeholders:

As initially communicated in a targeted mail-out in March, the Board of MMM Australia have made the decision to close our MMM Build operations on June 30th, 2016 following the completion of the last remaining work-in-hand construction contract.

This letter has been drafted to be included in the MMM Australia 'Team News' for publishing in June/July 2016 edition to ensure this message is communicated and succinctly explained to our wider stakeholder base.

For background, MMM Build was created as a totally separate operation to the MMM Australia mission in order to carry out commercial construction projects with the aim of feeding surpluses back into the MMM Australia mission.

We realise that many of you were passionate about MMM Build and may be disappointed with this decision as MMM Build was seen as a key opportunity to raise funds for and attract a diverse range of skilled trades people to the mission.

Unfortunately the harsh realities of running a commercial construction company in a highly competitive market have placed unacceptable stresses on the resources of the organisations finances, staff and Board.

As some of you may appreciate Commercial Construction is inherently exposed to a number of key high risks including highly variable cash flows, large operating capital investment, punitive contractual conditions, complex work health and safety laws and long term liabilities (up to 7 years for residential work).

Whilst MMM Build was performing exceptionally in delivering projects to the highest praise and satisfaction of our clients, stresses on the organisations finances in particular had reached a level that was unsustainable and action had to be taken by the Board.

The closure of MMM Build will not have any negative impact on the core mission of MMM Australia. In fact, the MMM Australia mission has significantly improved its own financial sustainability and spiritual health in the last two years due to separate blessings and operational and governance improvements.

The closure of MMM Build will free up resources, de-risk operations and allow us to re-focus our energy on strengthening and expanding our core MMM Australia mission field – 'serving those who serve' by providing a mobile volunteer missionary workforce to build and maintain facilities used in growing the Kingdom of God.

For over 5 years MMM Build has carried out commercial construction projects previously too large and complex for our volunteer operations.

MMMAustralia

serving those who serve

Head Office
MMM Australia Ltd ABN 66 005 126 956
5/621 Whitehorse Rd Mitcham Victoria 3132 Australia
Phone 61 3 9837 2700 Fax 61 3 9837 2799
Email admin@mmm.org.au
Web www.mmm.org.au

MMM Build successfully delivered over 32 large and complex commercial construction projects worth a combined value of more than \$9M, all with an industry leading safety record. Each project was delivered with the highest level of client satisfaction which led to many repeat customers and direct referrals to others.

We wish to assure you that there will be no change to the high quality delivery of existing MMM Build construction contracts during this period prior to closure – this commitment remains steadfast. All post completion inspections and warranty periods will continue to be honoured by MMM Build through planned ongoing commercial/operational arrangements and normal insurance provisions.

We trust you will join us in praising God for the blessing of the above great achievements and thank Managing Director Rob Dux, NSW Manger Rob Saunders and their team for their hard work in serving His mission in this way.

The MMM Board understands that we will continue to see requests coming in from churches and Christian organisations to carry out large and complex construction work. It is our intention at this time to refer this work on to other reputable like-minded and external Christian construction contractors.

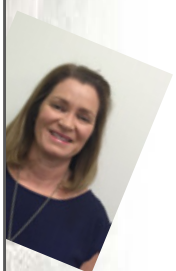

As we concentrate right now on the closure processes at hand we ask for your prayers and support for the affected staff through what has been a difficult decision and time as we wind up MMM Build.

It is our firm belief that in all things God is sovereign, and are encouraged despite MMM Builds closure that no labour in the Lord is in vain.

1 Cor 15:58: Therefore, my dear brothers and sisters, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your labour in the Lord is not in vain.

Yours Faithfully,

Shane Prior
Chairman MMM Australia, MMM Build

MMMAustralia

serving those who serve

serving those who serve

St Stephens Anglican, Smithton

11th – 14th April 2016

On the Monday, work started with a team of willing members to get the jobs done. On the A team was John De Jonge, Jack and Adriana van Derwal, Graham and Gloria Scott, and Darrel and Glenys House. It was an early start and painting was the first project to complete, making the Church hall new again, bringing the tired back to 'good-as-new' external weatherboards.

Next was completing the ceiling out of gyprock in the entrance or foyer of the Church and sealing it with coats of paint.

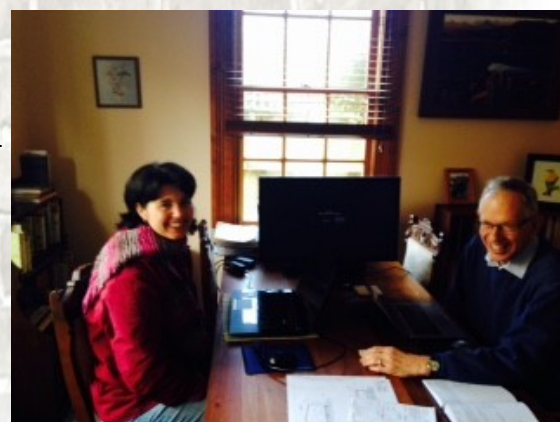

An additional bit of carpentry was building new steps between the Church and Hall outdoors, making the ramp a more usable practical entry point. A few minor maintenance fix's on Colourbond barge boards, nails removed and replaced with tech screws on the end of the hall. It was a great team effort with hard work and good fellowship enjoyed.

A BIG Thank You to All involved with MMM Build TAS

We here in the Tassie base would like to send our thanks and appreciation for the many hours given in service, project leading, planning, walking with Churches, and the many meetings with all involved to get the job completed. A special thank-you especially to David Meadows and his patience with councils and their red tape and the amazing servant heart you have, also to your fellow worker Cecilia Lourens. Bless you as you continue in serving our Father God. Thanks also to the many people who took part in "Build", the tradies who partnered with us. We look forward to continuing the relationship in MMM missional activities.

Blue Lagoon Christian Camp and Conference Centre

Blue Lagoon is a non-denominational, not-for-profit Christian campsite located in Dodges Ferry on the South-eastern Tasmanian coast! Blue Lagoon's friendly team of staff caters for a variety of different groups and programs. They aim to provide a Christian based accommodation and recreational activity holiday campsite for children, young people, and adults. They also train and equip young Christians in camp leadership and general youth leadership. Blue Lagoon caters to school groups, churches, and conference groups. They have a range of outdoor activities, as well as accommodation, a dining room and an assembly hall. If you're interested in finding out more about Blue Lagoon, please do check out their beautiful website: www.bluelagoon.org.au

Blue Lagoon has asked MMM for assistance on an upcoming build and we're excited about helping out this wonderful organisation! We need a team of volunteers to come and help build an extension on their recently constructed gymnasium. This extension will include a kitchenette, bathrooms and a craft room. If you're interested in supporting excellent Christian organisations, come to beautiful Tassie this spring and join with us in this project! The project is scheduled to start on the 18th August.

Starting the Northern Safari at AIM Katherine

The task was to remove both side walls of the church that were made of louvers and install new windows and walls. This made the church more secure and will better suit air-conditioning which will be installed at a later date. The job was not without its challenges. This was mainly due to being able to source the right materials in a timely manner and making everything fit. The hot conditions also made each day quite exhausting.

Greg and Debbie Piper have pastored this church for the past 17 years but will be leaving soon to be closer to family. We were very thankful for their hospitality as we all stayed at their property.

The church family is comprised and run almost entirely by Aborigines. It was a real encouragement to spend time with the fellowship there and see their passion for God and their desire for their people to follow Him in a real way.

The church has an ongoing fundraiser of selling ice-cups. They sell them at church, in the communities and at local events. Through this they have raised over \$50,000. This has enabled them amongst other things to buy a 24 seat bus which transports people to and from church and other events.

The people of the church were very thankful to see the building transformed and we were really blessed by our time there.

Strong Faith

From Jane Bayliss

Many will remember Garth and Melinda Grant who were wonderful full time staff with MMM for over 16 years. Garth came to our farm many years ago to get some bags of spuds for an MMM function and there began a very special relationship for Owen and I with him, Melinda and their family. Their daughter Eloise and her husband Jeremy were very excited waiting for the birth of their first child. Garth phoned us when the bub was due but the news was devastating. Their baby boy was stillborn. I cried lots over the next day and prayed for God to comfort, sustain and bless them with the support of God's people. Soon after both Eloise and Jeremy posted messages on facebook and God was clearly answering the prayers of many for them. This precious young couple are shiny lights for the Lord.

Eloise wrote in part "Today my little boy was due. Today is the first day i cannot hold my baby boy. On Monday God decided it was time for him to enter eternal paradise. I am the proudest mum to have had this 9 month journey with him. My boy will never know pain and suffering. My heart is so full of love and [Jeremy](#) and i are so proud of our boy. God has blessed us so much. Thank you so much to everyone for their prayers and support during this time. We are taking it each hour."

Part of Jeremy's message said " My beautiful wife Eloise has been so strong and her tremendous faith has just shined through as it always does and she is recovering slowly. I just ask now for your thoughts and prayers in this time for us and our precious Edward James who is now in perfect peace."

Eloise then wrote "4 weeks on and this mummy's heart aches for her boy. No day is any easier than the last but to know you are in no pain and in a safe place gives me peace."

Please uphold Eloise and Jeremy in prayer, along with their extended family members.

MMM's CEO, Terrence Baxter's daughter Lauren and her husband John are due to become parents in mid August. Please pray for the grandparents to be and Lauren and John also.

Praise God also for the safe arrival of the first grandchild for our finance manager Diane Jenkins on June 4th. Mum, Dad and baby are doing well, Grandma is recovering.

For we are Gods
workmanship,
created in Christ
Jesus to do good
works which he
prepared in
advance for you
to do.
Ephesians 2:10
