Stand Up

As good as the satellite navigation is, sometimes it fails us. I had an experience of this on our recent visit to the USA. Driving out of an unfamiliar, very large city, I found the road I needed to go down had been blocked by a police car. Suddenly I had two voices demanding my attention. The sat nav telling me to turn back because I was ignoring its instructions, and my husband telling me to keep going because we needed to find a better way out of the city! I'm conditioned to listen to the sat nav, but it was leading me in a direction that wasn't right.

God's way, and the world's way are often opposing. The world's way, which is very loud and hard to ignore, actually seems right as we seek to live in harmony with everyone, but we find ourselves increasingly having to compromise the values of the Bible to blend in. To do otherwise can lead to being publicly called out or shamed (or losing your job) for daring to have an opinion that's not the popular belief of today.

So how can you stand up against popular belief when it contradicts God's word?

There are many examples of people in the Bible who dared to trust God, continuing to speak His word and to persevere in the work He had given them to do, despite the opposition from those in authority, and at great personal risk to themselves.

We are called to be a light to people walking in darkness. We can only do that if we are prepared to stand up courageously and trust God to give us all that we need.

I want to leave you with King Asa's prayer in 2 Chronicles, 14, v 11 "..... **help us O Lord our God for we rest on you; and in your name we go against this multitude. O Lord, you are our God, do not let man prevail against You.**"

God bless
