MMM FARMING PARTNERSHIP

MMM Australia collaborates with Steer Incorporated to administer this Farming Partnership Programme. Steer Incorporated is a not-for-profit Christian mission established in 1961. Through Steer's financial ministry you can direct your support for MMM into farming investments and livestock programs.

When you place money or assets with steer all income earned by Steer is tax exempt, so 100% of that income can be distributed to your nominated Christian organisation, in this case MMM Australia.

Steer Incorporated's purpose is to;

- ✓ Encourage Christian Generosity
- ✓ Provide ways to financially support strategic Christian ministries anywhere in the world

MMM AUSTRALIA

MMM is a volunteer organisation whose primary mission is to spread the Gospel of Jesus Christ by building, renovating, and repairing facilities used in Christian outreach and ministry.

Funds are needed to operate an effective missions organisation and comply with legislation and regulations and we need partnerships with individuals and organisations who will stand alongside us in mission to see the Gospel proclaimed.

MMM Farming Partnerships has been established with Steer Inc. to raise funds through the existing Steer Farming Program where a portion of farm production proceeds goes to supporting the work of MMM.

You can partner with us in this great perpetual program by donating farm production or Investment cash. This program is the gift that keeps on giving, a donation today can continue to contribute to the work of MMM for years to come.
